Section 4 — Exclusions

We do not insure loss or damage:

• caused by continuous or repeated seepage or leakage of water over a period of time, or by ground water or rising water table (unless WE-03 is purchased);

• caused by mould, fungi or spores, unless directly resulting from an insured peril and reported within 30 days;

• caused by wear and tear, gradual deterioration, rust, rot or settling;

• caused by earthquake, unless the Earthquake endorsement is purchased;

• to motor vehicles, trailers or watercraft (these require separate auto or marine insurance);

• occurring while the dwelling is vacant for more than 30 consecutive days;

• caused intentionally by you or anyone insured under this policy.

Section 5 — What You Must Do After a Loss

• Notify us or your broker immediately, and in writing as soon as practicable.

• Protect the property from further damage. Reasonable emergency repair costs are covered. Keep receipts.

• Keep damaged property for our inspection. Do not dispose of damaged items without our consent unless they pose a health hazard.

• Prepare an inventory of lost or damaged personal property showing quantity, description, age, purchase price and replacement cost, with photographs, receipts or other proof of ownership where available.

• Deliver a signed Proof of Loss to us within 90 days after the date of loss.

• Keep all receipts for additional living expenses. We may advance reasonable living expenses on request.

• Any fraud or wilfully false statement in a claim, including in the Proof of Loss, invalidates the claim of the person making it.

Section 6 — Basis of Settlement

Personal property and the dwelling are settled on a replacement cost basis, provided repair or replacement is completed within 180 days of the loss. Until repair or replacement is completed, we will pay the actual cash value (replacement cost less depreciation). The difference is paid once you provide proof of repair or replacement. Antiques, art and collectibles are settled at actual cash value.

Section 7 — Disputes

If you disagree with our valuation, either party may request appraisal under the Insurance Act. You may also contact our Ombudsman office and, after that, the General Insurance OmbudService.
